# FPC-Designated SMEs

## FPS Designated SMEs:

- support **partners** in the FastTrack Community to help their customers deploy M365
- help resolve deployment challenges with partners; not for staff augmentation.
- aim to make contact within 3 days of assignment.

## Process Overview

## Benefits to Partners

### 1. Blocker Resolution: Streamlined process

- Resolve questions on deployment blocker scenarios
- Faster Resolution
- 0% Rejection rate

### 2. Guidance & training to Partner engineers

- Biweekly Tech Talks - AMA with FT SME & PMs
- Best practices & Enablement Resources

### 3. Provide feedback:

#### Influence Microsoft products

- 1:1 Roundtable reviews
- Interact with Engineering

# Updated Core M365 ADGs

## What's New?

- **User Interface Enhancements:** Checkboxes for selecting guidance and consolidated sections for better navigation.
- **Content Structure Improvements:** Clear steps for infrastructure review, licensing, network capability, application compatibility, and deployment methods.
- **New Tools and Resources:** Introduction of the Office Customization Tool (OCT), App Assure service, and useful deployment URLs.
- **Comprehensive Review:** Updates based on feedback from SME vteam, including link adjustments, title consistency, and content reviews.
- **Enhanced User Experience:** Improved navigation, streamlined deployment steps, advanced troubleshooting resources, updated content, and better visibility of guidance sections.

## **Microsoft Teams Setup ADG – Releasing week of March 17th**

[Teams Setup Guide](#) –  
*new frontline SKU hydration and section for FLW*

## **Microsoft 365 Apps ADG – Live!**

[M365 Apps Deployment Guide](#) -  
*entire end to end updates compelled*

# Updated Intune ADG

## What's New?

- **Dashboard View:** Intune deployment guide dashboard created to amplify a simplified view for customer deployment
- **Enhanced User Experience:** Improved scenario-based guide flow for a better end-user experience.
- **Optimized Deployment Steps:** Streamlined processes for faster and more efficient deployment.
- **Updated Content and References:** Latest content, compliance guidance, and updated "Learn more" links.

## Deployment Guide Scenarios

- Secure apps
- Secure desktop devices
- Secure mobile devices
- Manage Updates
- Shared devices
- Intune Suite
