Terms and Conditions

October 8, 2024

Overview

These terms and conditions ("**Terms and Conditions**") contain the requirements to participate in the FastTrack Partner Community ("**FPC**") Program ("**Program**"). By accepting Microsoft's invitation to participate in the Program, or by continuing to participate in the Program after an update to these Terms and Conditions, you agree to these Terms and Conditions. If you are entering into these Terms and Conditions on behalf of an entity, you represent that you have the legal authority to agree to these Terms and Conditions on your entity's behalf. You further agree that Microsoft may disclose, under terms of confidentiality, that you are a participant in the Program to Microsoft device and channel partners as well as other Program Partners (defined below).

Program Summary

The Program is an opportunity for Program Partners focused on helping Eligible Customers (as defined in [Exhibit A](#)) to onboard and adopt Microsoft 365 services. The Program runs from July 1, 2024, through June 30, 2025 ("**Program Term**").

Microsoft will provide various resources to support Program Partners as they assist Eligible Customers with onboarding to, and adoption of, Microsoft 365 services. These include, but are not limited to, access to the FastTrack prescriptive methodology and resources and an assigned Partner Success Manager (PSM). The Program also offers benefits such as customer referrals, and Program Partner-only programs. Program Partners are expected to ensure the Eligible Customer receives an experience inclusive of both FastTrack Benefit Services (as defined in [Exhibit A](#)) delivery and optional paid deployment or adoption services based on the Eligible Customer's needs.

By participating in the Program, submitting information to Microsoft in connection with the Program, accepting any payments from Microsoft as a result of the Program, or by continuing to participate in the Program after an update to these Terms and Conditions, you agree to and accept these Terms and Conditions.

PROGRAM TERMS AND CONDITIONS

A. MICROSOFT AGREEMENT

To participate in the Program, a partner must have entered into the Microsoft AI Cloud Partner Program Agreement ("**Microsoft AI Cloud Partner Program Agreement**") with Microsoft and such Microsoft AI Cloud Partner Program Agreement must remain in force for the duration of the Program Term; partners meeting such requirements shall be deemed to have an "**Active Microsoft AI Cloud Partner Program**

Membership. Partner agrees to all rules, terms, and policies contained within the Microsoft AI Cloud Partner Program Agreement.

Pursuant to Section 1(e) of the Microsoft AI Cloud Partner Program Agreement, this Program shall be considered a Microsoft AI Cloud Partner Program to which (unless stated otherwise herein) the Program Partner's Microsoft AI Cloud Partner Program Agreement will govern. Except as otherwise set forth in these Terms and Conditions, terms defined in the Microsoft AI Cloud Partner Program Agreement will have the same meanings when used in these Terms and Conditions.

For the purposes of this Program and any related notices, "**Microsoft**" means, and the Microsoft contracting entity is:

Microsoft Corporation
One Microsoft Way
Redmond, Washington 98052 USA

Defined terms used but not defined in these Terms and Conditions will have the meaning ascribed to them in the Microsoft AI Cloud Partner Program Agreement.

B. PARTNER ELIGIBILITY

To be eligible for consideration for the Program, partners must have an Active Microsoft AI Cloud Partner Program Membership and meet the requirements listed below ("**Eligibility Requirements**").

1. Partners must achieve the requirements described in the links listed below:
 - a. Achieve minimum of at least one [Specialization](#) through [Microsoft AI Cloud Partner Program Specializations](#) in either Modern Work and/or Security **or** be a member of one of the following Microsoft specialist partner programs including Cybersecurity Investment (CSI), Meeting Room Partner Program (MRPP), Teams Phone Operator Acceleration Program, Viva Jumpstart Partners and Viva Glint Partners in good standing. (If you are interested in joining one of these programs, reach out to your Partner Development Manager.)
2. Agree to be Referral Ready, accepting and engaging with referred customers.
3. Be invited by Microsoft to join the Program.

Program Partners are nominated by the Microsoft field or can self-nominate and if eligible may be invited to join. Eligibility requirements are based on information in Partner Center (<https://partner.microsoft.com/dashboard>), identified Microsoft specialist partner programs memberships, and aggregated performance data where partner is listed as the Claiming Partner of Record ("**CPOR**") for commercial licensed customers, tenants, and services, which excludes education licensed customers, tenants, and services.

Once a nominated partner achieves the Eligibility Requirements, they are eligible for participation in the Program ("**Eligible Partner**").

C. PROGRAM ENROLLMENT

Eligible Partners may be invited by Microsoft to join the Program. Such an invitation will be at Microsoft's sole discretion taking into consideration Eligible Partner's level of performance against the Eligibility Requirements, Eligible Partner location, Eligible Partner expertise, and the Program's limited capacity of 700 Program Partners. If the Program is at capacity when an Eligible Partner achieves the Eligibility Requirements, they may apply, if eligible, in the next fiscal year. "**Program Partner**" means those Eligible Partners who have accepted Microsoft's invitation to participate in the Program.

Program Partners who achieve the Eligibility Requirements in additional countries may be added to the public and internal lists of Program Partners. Being added to the list will provide visibility to customers and the Microsoft field and increase opportunities for co-sell engagements.

D. PROGRAM PERFORMANCE REQUIREMENTS

Program Partner Responsibilities

Program Partners are responsible for engaging with Eligible Customers to assist in adopting Microsoft 365 services in the following ways:

1. Program Partners are encouraged to register Eligible Customers through Claim Partner of Record (CPOR), or other Microsoft identified processes to identify customer and partner association. Registrations are used to measure Program Partner impact, and Program Partners gain visibility to customer usage data through CPOR registrations.
2. Ensuring the Eligible Customer is enabled for all FPC engaged workloads.
3. Program Partners are encouraged to use FastTrack best practices to ensure workload deployment.
4. Ensuring the Eligible Customer receives the FastTrack Benefit if they are eligible. Program Partners are encouraged to deliver FastTrack Benefit Services to Eligible Customers when assisting with onboarding and adopting Qualifying Workloads as described in the [FastTrack Center Benefit for Microsoft 365](#) . If the Program Partner does not provide the FastTrack Benefit, then they agree to engage a FastTrack Ready Partner directly or submit a FastTrack Request for Assistance ("**RFA**") for the Eligible Customer to receive the FastTrack Benefit. The goal is to ensure the Eligible Customer receives the value of FastTrack enablement as part of any engagement.
5. Engaging with assigned Partner Success Manager (PSM) and participating in established rhythm of business.
6. Submitting and updating customer engagement data as requested.
7. Acknowledging Eligible Customer referrals through required process.
8. Providing a minimum of one Eligible Customer journey (product or deployment) insight item per year.
9. Contacting referred Eligible Customers within SLA of referral receipt.
10. Maintaining a regular positive 100 MAU (as defined in [Exhibit A](#)) growth monthly on average across Microsoft 365 workloads or Teams Phone.

Program Non-Compliance

Non-compliance with any of the Program Partner Responsibilities may lead to removal from the Program.

If negative feedback regarding Program Partner performance is received by Microsoft from customers, the Microsoft field or SMEs (as defined in [Exhibit B](#)), Program Partner may stop receiving customer referrals from

Microsoft and/or may be removed from the Program. Rejecting 20% of referrals over a rolling three (3) month timeframe could result in removal from the Program.

E. PROGRAM BENEFITS

Program benefits are set forth in [Exhibit A](#) and are available to Program Partners in compliance with the Program performance requirements listed above. Benefits and benefit requirements may be updated from time to time during the Program Term.

F. PROGRAM PARTNER PARTICIPATION

1. **Costs.** Participation in this Program and any benefit opportunity shall be at Program Partner's cost. Program Partner acknowledges and accepts that the payments associated with this Program may or may not cover the full cost of achieving payment milestones or engaging in any particular benefit and that Microsoft shall in no way be liable for the difference between the payments received and the Program Partner's costs.
2. **Taxes.** Neither party is liable for any taxes the other is legally obligated to pay and which relate to any transactions contemplated under these Terms and Conditions.

"**Accounting Contact**" means the person responsible for tracking and managing payments accruing from Program participation. The same individual may be the contact for both roles.
2. **Cooperation.** Each party will share appropriate information and make commercially reasonable efforts to help the other party meet its performance obligations under this Program.

H. PROGRAM COMMUNICATIONS

1. Microsoft will send Program communications via email, including automated email distribution systems, and the Partner Community Portal, and/or dedicated Microsoft Teams site. These communications will include commercial information concerning the Program and associated services and technologies. This commercial information may consist of Program participation requirements, Eligibility Requirements, product roadmap and feature updates, best practices and guidelines, and training opportunities related to the Program software and devices.
2. Microsoft will distribute via automated email distribution systems, no more than four (4) times per year, Partner satisfaction survey invitations to contacts associated with Program Partners. The purpose of this survey is to gauge partner satisfaction with various elements of the Program and solicit partner feedback to improve the Program. Participation in such surveys is voluntary but encouraged.
3. Microsoft may provide Program Partners with an opportunity, no more than four (4) times a year, to share input and feedback directly during small group discussions.

4. Microsoft will distribute, via email, in event session or Viva Engage, event satisfaction surveys to all participants in the Partner Program hosted or sponsored training events whether conducted in person or on-line. Participation in such surveys is voluntary but encouraged.

I. LIMITATION OF LIABILITY

Without prejudice to any terms of the Microsoft AI Cloud Partner Program Agreement, Microsoft's maximum aggregate liability to Program Partner for any loss or damage in respect of the Program whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall not exceed the aggregate amount paid by Microsoft to the Program Partner in respect of the Program at the time the loss or damage arose. This **Section I** shall survive termination and expiry of this Program.

J. TERMINATION, EXPIRY AND CHANGES TO PROGRAM

1. **Program Term.** This Program and these Terms and Conditions will automatically expire at the end of the Program Term on June 30, 2025. All accrued rights and liabilities of either party and any other provisions stated to survive expiry or termination of these Terms and Conditions and all other provisions of these Terms and Conditions that, in order to give effect to their meaning need to survive their termination, shall remain in full force and effect after termination or expiration.
2. **Program Partner's Termination Rights.** Program Partners may end their participation in the Program at any time by providing notice via entering a ticket in the Partner Support Tool at <https://aka.ms/PXPartnerSupport>. In such event, Microsoft shall pay such Program Partner any benefit payments due in accordance with the applicable terms set forth for such benefit in **Exhibit A** but shall not be required to make any further payments hereunder. Program Partner will work with Microsoft in good faith to ensure the successful offboarding of any customers that Program Partner is working with at that time.
3. **Updates; Termination.** Microsoft may update, change, or remove any portion of the Program in accordance with Microsoft AI Cloud Partner Program Agreement and shall have no liability to a Program Partner under these Terms and Conditions in the event that any such withdrawal or change means that a Program Partner is no longer able to qualify for, or continue to earn, payment for Program activities.
4. **Microsoft Payment Obligations.** In the event Microsoft terminates Program Partner participation in the Program, Microsoft shall pay any benefit payments due which accrued prior to the date of notice of termination in accordance with the applicable terms set forth for such benefit in **Exhibit A** but shall not be required to make any further payments hereunder.

FY25 FastTrack Partner Community Program

Program Guide

Exhibit A - Program Benefits

1) DEFINITIONS

- a. **"Eligible Customers."** Commercial or education or government customers that are licensed for a minimum of 150 Paid Available Units of the workload. Eligible Customers for the FastTrack Benefit must have 150+ Paid Available Units and be licensed for one or more of the services and plans ("**Eligible Licenses**") listed in the [Eligible Services and Plans](#) section in the FastTrack Center Benefit for Microsoft 365 at the time the workload claim is submitted via the Claiming Partner of Record (CPOR) claim process or alternate registration process. For the avoidance of doubt, unpaid SKUs and licenses without recognized revenue are not eligible under this Program.
- b. **"Determination."** At the time the Program Partner submits a claim, Microsoft will determine if the claim is eligible.
- c. **"Monthly Active Users"** or **"MAU."** This is the measure, determined from Microsoft system telemetry, of users taking intentional action using an Eligible License.
- d. **"Monthly Protected Users"** or **"MPU."** This is the measure, determined by Microsoft system telemetry, of the count of distinct users protected by a given workload.
- e. **"Monthly Protected Users and Devices"** or **"MPUD."** This is the measure, determined by Microsoft system telemetry, of the count of distinct users (MPU) plus count of distinct devices (MPD) protected by a given workload.
- f. **"Proof of Execution"** or **"POE."** Verifiable evidence that Program Partner or a third party acting on Program Partner's behalf has completed the required activity to achieve a payment milestone. POE may be derived from Microsoft service telemetry or be based on Program Partner submitted documentation. For the purposes of the *FastTrack Ready Partner Only Incentive Programs*, POE means verifiable evidence that Program Partner (not a third party) has completed the required activity to achieve the payment milestone.
- g. **"Qualifying Workloads."** The definitive list is available in the [Eligible Services and Plans](#) section in the [FastTrack Center Benefit for Microsoft 365](#).
- h. **"Paid Available Units"** or **"PAU."** This is the measure of paid licenses assigned to a tenant. Paid license means there is revenue associated with the license per Microsoft internal systems.
- i. **"Endorsements."** An endorsement is a tag or label applied to a Program Partner once they have met the objective criteria that allows Microsoft to infer expertise in deploying one or more workloads. Some workloads expertise will be identified in achieved specializations through [Microsoft AI Cloud Partner Program Specializations](#) in either Modern Work and/or Security. Workloads not aligned to a [Specialization](#) will be assigned objective criteria including demonstrated active usage and other elements.
- j. **"FastTrack Benefit Services"** means the "FastTrack Responsibilities" as described in the "Process and Expectations" section and the "FastTrack Guidance Details" as described in the "Products and Capabilities" section of the FastTrack Center Benefit for Microsoft 365.

2) CUSTOMER REFERRALS

One benefit of membership in the FastTrack Partner Community (FPC) is receiving and delivering on customer referrals. Referrals may be a RFA to deliver the FastTrack Benefit ("**FastTrack Benefit Referral**") or be a Microsoft identified need for customer assistance by a partner for paid services ("**Standard Referral**"). FPC members will receive Standard Referrals and FastTrack Ready Partners will receive both Standard Referrals and Benefit Referrals.

Referrals will not include information on incentive eligibility and may or may not be eligible for incentives.

Customer referrals are conditioned upon the number of Eligible Customers requesting assistance. Microsoft does not guarantee a set number of referrals for Program Partners.

Referral Distribution.

Qualifying Program Partners will be identified and selected to receive an Eligible Customer referral based on the Eligible Customer's expressed requirements. The following criteria will be used to identify and match a Program Partner with an Eligible Customer:

- i) **Expertise:** Program Partner has earned the appropriate Endorsements (as defined below) for the Qualifying Workload(s) requested by the Eligible Customer. An "**Endorsement**" is a tag or label applied to a Program Partner once they have met the objective criteria that allows Microsoft to infer expertise in deploying one or more workloads. Some workloads expertise will be identified in achieved specializations through [Microsoft AI Cloud Partner Program Specializations](#) in either Modern Work and/or Security. Workloads not aligned to a [Specialization](#) will be assigned objective criteria including demonstrated active usage and other elements.
- ii) **Geographic Coverage Area:** Program Partner is able to service Eligible Customers within the country of the Eligible Customer's requested service location as indicated to Microsoft.
- iii) **Language:** Program Partner has opted in to provide support in one or more languages during the FPC onboarding process.
- iv) **Target Customer Size:** Program Partner has opted into target customer size (seat size) as indicated by the Referral Profile in the FastTrack Partner Community Portal.
- v) **Industry:** All Program Partners are automatically matched with commercial Eligible Customers. If a Program Partner has opted in or is qualified to work with Non-profit, Education or Government Cloud Eligible Customers, Microsoft will consider this when matching with Eligible Customers in these industries as indicated by the Referral Profile in the FastTrack Partner Community Portal.
- vi) **CPOR claims:** If a Program Partner has an existing claim with an Eligible Customer, is endorsed for the workload being requested, and meets the additional criteria of Language, Location, Industry and Seat Size, that Program Partner will receive the referral. If there is an existing claim for the Eligible Customer and the claiming Program Partner does not have an Endorsement for the workload, the referral will be sent to an endorsed Program Partner rather than the claiming Program Partner. Specific scenarios:
 - a) If an Eligible Customer submits a referral request, and there's an existing Program Partner associated via CPOR to that Eligible Customer ON THAT SPECIFIC WORKLOAD and they DO NOT HAVE the Endorsement for that workload, the referral will be assigned to a different Program Partner who has an Endorsement for that workload and meets the other criteria.
 - b) If an Eligible Customer submits a referral request, and there is an existing Program Partner associated via CPOR to that Eligible Customer ON A DIFFERENT WORKLOAD and they HAVE

the Endorsement for that product and they meet the other criteria, that existing Program Partner will receive the referral.

- c) If an Eligible Customer submits a referral request, and there is an existing Program Partner associated via CPOR to that Eligible Customer ON A DIFFERENT WORKLOAD and they HAVE NOT got the Endorsement for that product, the referral would be assigned to a new Program Partner with that workload Endorsement.
 - d) If an Eligible Customer submits a referral request, and there's an existing Program Partner associated via CPOR to that Eligible Customer ON AT LEAST ONE OF THE WORKLOADS and they HAVE the Endorsement for one but not all of the products and meets the other criteria, that existing Program Partner will receive the referral for the endorsed workloads and for the WORKLOAD(S) the associated Program Partner DOES NOT HAVE the Endorsement(s) for, the referral would be assigned to a second Program Partner with that workload Endorsement and other matching criteria.
- vii) **Split assignments:** In the case where a single Program Partner does not meet all requirements for a referral request, the referral may be split by workload between multiple Program Partners. All impacted Program Partners will be notified when this scenario occurs.

Referral Conditions.

- i) Program Partner will execute on customer referrals sent by the Program.
- ii) Have a minimum of one (1) workload Endorsement as listed in the FastTrack Community Portal profile.
- iii) Select Languages Served, Industries Served, Target Customer Size, and Countries Served (beyond home country) within the Referral Profile in the FastTrack Partner Community Portal.
- iv) Program Partners commit to contact the referred Eligible Customer within two (2) business days. A detailed description of requirements can be found in the [Referral Knowledge Article](#) in the FastTrack Ready Partner Knowledge Base.
- v) Program Partners that repeatedly miss the two (2) business day contact period SLA may have their Program membership revoked.
- vi) Program Partners that reject 20% or more of provided referrals in a rolling three (3)-month period may have their Program membership revoked.
- vii) Program Partners must respond to the referral by selecting "Accept" or "Decline" within the referral record in the FastTrack-Centered UX (FCU) in Partner Center within two (2) business days. Program Partners may choose to pause receiving all referrals for a period of up to one (1) month due to capacity or another reason preventing adequate referral execution.
- viii) Microsoft will have notified the Eligible Customer informing them that their contact information can be shared with qualifying Program Partners receiving the referral.
- ix) Program Partners may only use Eligible Customer contact information provided by Microsoft to contact Eligible Customers to respond to the referral assistance request.

- c. Microsoft reserves the right at any time to adjust payments to the Program Partner if Microsoft identifies any discrepancy, error, or omission.
- d. Microsoft offers payments under this Program in its sole discretion. In the event of any dispute arising from or in relation to this Program and/or a payment, the decision of Microsoft is final and binding. No correspondence will be entered into.
- e. If Program Partner fails to meet the requirements and milestones for an incentive program after receiving payment, Microsoft may:
 - Withhold incentive earnings from subsequent payments (or any successor agreement), and
 - If the Program Partner does not achieve the requirements for deployments anticipated and therefore receives funds in excess of actual earnings, then Microsoft reserves the right to recover the unearned portion of the payment.

National Health Service England FastTrack Program Incentives

Only **NHSE FRP**, a FastTrack Ready Partner *who has been invited and accepted* Microsoft’s invitation through the Partner Community Portal to participate in the National Health Service England FastTrack Program, *is eligible to participate.*

NHSE Organisation Tiers*	Incentive per Workload	Note**
Tier 1 -Small - 150 to 2,999 users*	\$3,500	Organisations may deploy up to 3 workloads
Tier 2 -Medium - 3,000 to 5,999 users*	\$6,000	Organisations may deploy up to 3 workloads

Tier 3 -Large - 6,000 to 11,999 users*	\$10,000	Organisations may deploy up to 3 workloads
Tier 4 -XL - 12,000+ users*	\$15,000	Organisations may deploy up to 3 workloads

* NHS Organisations Tier level incentive category will match scope of work not the NHS Organisation’s total number of licenses. If the NHS Organization has 5,000 licenses but only intends to deploy 1,500, this will be incentivized as a Tier 1 Organisation.

**NHSE Organisations may engage with one (1) partner for each workload allowing for specialization or may engage with the same NHSE FRP for more than one workload. Each of the eligible 120 NHSE Organisations may deploy up to a total of three (3) workloads.

** NHSE FRPs acknowledge and agree they will not submit any NHSE Organisation Trust workload claims through CPOR as the NHSE managed services partner has the overall NHSE agreed claims for all workloads in this single tenant. NHSE FRP acknowledges and agrees, claiming CPOR for any NHSE Organisation workload could result in the rejection of associated CRF and/or POE.
