Important Update: Migration Manager Tool Change Effective February 27th (Only applicable for GDRIVE, BOX & DROPBOX)

02/22/2025

We would like to inform you about an upcoming change in the Migration Manager tool, effective from February 27th, 2025. This change requires logging into the SharePoint Admin Center at least once every 14 days.

To ensure your scheduled migrations are processed without issues, please log into your SharePoint Admin Center at least once every 14 days. Failure to do so will result in the deauthorization of existing connectors. If this occurs, you will need to reauthorize the connectors for (GDrive, Box & Dropbox) migrations.

CUSTOMER ACTION REQUIRED

Here are the steps to follow:

1. Log into the SharePoint Admin Center

2. Verify the Migration Connectors: Select Migration center and select the migration type for which you're performing migrations by selecting get started and ensure the Migration Connectors are properly connected and authorized

For any further queries/issues, you can always reach out to us by submitting a ticket or via live chat on FastTrack Portal.
